BRADSTREET'S

OFFICES THROUGHOUT THE CIVILIZED WORLD

EXECUTIVE OFFICES

Nos. 346 and 348 BROADWAY, NEW YORK CITY, U. S. A.

THE BRADSTREET COMPANY gathers information that reflects the financial condition and controlling circumstances of every seeker of mercantile credit. Its business may be defined as of the merchants, by the merchants, for the merchants. In procuring, verifying and promulgating information, no effort is spared, and no reasonable expense considered too great, that the results may justify its claim as an authority on all matters affecting commercial affairs and mercantile credit. Its offices and connections have been steadily extended, and it furnishes information concerning mercantile persons throughout the civilized world.

Subscriptions are based on the service furnished, and are available only by reputable wholesale jobbing and manufacturing concerns and individuals, and by responsible and worthy financial, fiduciary and business corporations. Specific terms may be obtained by addressing the Company at any of its offices.

BRADSTREET'S, a Journal of Trade, Finance and Public Economy, is issued weekly, and its Trade Reports are of great value and interest to business and professional men. Terms upon application.
